

Declaration

This document states what each partner contributed to the project and the agreed upon discretionary marks for each partner.

Contributions

Benjamin Palay (1815593):

Designed and coded the main framework for the game. Designed and coded the game objects and their classes. Implemented basic and good functionality requirements, namely minor features 1 and 3, and major feature 1. Programmed and ran the required testing. Assisted in writing of the project report and Technical Reference Manual.

Yisrael Zagnoev (1947758):

Involved in designing the domain model of the code. Designed aspects of the code, including minor feature 4. Analyzed the entire code and ensured efficiency and non-redundancy in the code. Assisted in writing of the project report and Technical Reference Manual.

Discretionary Marks (out of 10):

Benjamin Palay (1815593): 6

Yisrael Zagnoev (1947758): 4
